

Grammas to Ambuyas Reach for the Top!

Three thousand Canadian grandmothers (and grand-
others) have joined together to support the inspiring
transformation in sub-Saharan Africa, where
community-based organizations are working to turn
the tide of the HIV/AIDS pandemic.

Gisèle Lalonde Mansfield is one such granny. Her love
for her family and friends gives her purpose in life, and
in 2006, her heart responded to the plight of
grandmothers in Africa. Gisèle eagerly responds to a
challenge, and so she and five Ottawa women of “a
certain age” set their sights very high indeed – the
summit of Mount Kilimanjaro in Tanzania! In 2007, she
and her group, now named the Kilimanjaro Grannies,
did just that, fundraising an astonishing \$78,000.

Join us in welcoming Giselle Lalonde Mansfield to our
third annual spring fundraiser reception at Stoneface
Dolly's on Preston. Hear highlights of her
transformational adventure. Learn how you might
conquer a Kilimanjaro of your own!

Share an informal evening of hearty appetizers and
delicious African wines, coffee, tea and desserts, all
included in your ticket. Meet others who share your
passion to turn the tide of HIV/AIDS in Africa.
